WIN FRIENDS WITH CANDY

In addition to sharing the details of your trip through the customary, yet impersonal Facebook postings, how about actually *sharing* a piece of the city with those you care about? You know, like they did in the olden days? This isn't a surprise to those who know us, but we suggest getting them some candy. Our top choices are either some iconic Almond Roca and Mountain Bars from the nearly 100-year-old **Brown & Haley** headquarters (daily tours and samples are available!) or, for chocolate lovers, some turtles, truffles or other chocolate-covered delights from **Johnson Candy Company**, which has been a Tacoma stand-out since 1918. If popcorn is more up your alley, there's **Great Northwest Popcorn**, with its more than 20 flavor choices. Regardless of your decision, this is one area in which, we feel, you really can't make a bad pick. brown-haley.com, [Johnson Candy 253.272.8504](http://JohnsonCandy.com) and greatnorthwestpopcorn.com

WANNA STAY?

If you're making a weekend of it, stay at the award-winning **Hotel Murano**, recently included on the prestigious 2011 Conde Nast Traveler Gold List. Each modern room features a different artist's works, iPod docking stations and luxurious beds, and some rooms are even pet-friendly. hotelmuranotacoma.com
